legislation. Who people are and how authority is shared among them are core issues for democratic theory, development and constitution. Cornerstones include freedom of assembly and speech, inclusiveness and equality ...

Democracy - Wikipedia

Geological and volcanic activity has created around 300 known limestone caves in the Waitomo region over the last 30 million years. The limestone formation in the Waitomo Glowworm Caves occurred when the region was still under the ocean about 30 million years ago. The limestone is composed of fossilized corals, seashells, fish skeletons, and many small marine organisms on the sea beds.
